## LABOR DAY CELEBRATION

Thousands of Town and Country People Witnessed Free Program Monday Afternoon

EVERYONE WAS WELL PLEASED

Fully three thousand people witnessed the free Labor Day program which was given by the city of Alliance at the fair grounds Monday afternoon. Farmers and business men were both present with their families, and all laughed and made merry, for they enjoyed the occasion to the utmost. Everybody had a good time, and they came right out and said so to their friends and neighbors.

One of the features of the afternoon was the ball game between the Alliance Christians and the Hemingford Methodists, in which Alliance came out victorious with a score of 15 to 1. Some say it was 16 to 1, but all agree that Hemingford got 1. The game was a good one, but it was seen at the start that Alliance had a shade the advantage, which they kept all the time. Ray Butler, the phenomenal young pitcher, was in the box for Alliance, and pitched a beautiful game. There were only three errors against Alliance. Young Butler is improving with each game, and gives his opponents all they are looking for—and a little more thrown in.

The game between the farmers and the business men was about the same as it was last year, with the exception that it was perhaps a slightly faster and more exciting game. As near as anyone can tell the farmers had 5 and the business men 2 at the close, but the official score has been "unavoidably lost" and cannot be found to substantiate the claims of either side.

The fire department pulled off some excellent stunts that entertained and interested the spectators. Many people did not realize "how the fire department worked" until they saw the exhibition Monday afternoon. Assistant Chief Pilkington gave a couple of exhibitions of quick stopping, and the other members of the department furnished the quick hose couplings. If there had been a fire plug on the grounds and a fire had broken out, it would have lasted just about as long as a snowball in a warmer climate, for the boys were just rearin' to go. The relay race by the teams was a good one, and the boys made extra good time. The race was won by No. 3 hook and ladder company. An exhibition of high kicking by George Nation was good and was watched with interest.

The baby show was an interesting one, not only to the fond mother, but to the men and the other outsiders as well. Of course, only one of them could take first prize, and a number of mothers turned away with broken hearts (?) when the judges announced their decision. The points on which the judges based their decision were as follows: General appearance, 50; physical development, 25; weight according to age, 15; and regularity of features, 10, thus the general appearance of the infant was what counted most. Many of the mothers thought the judging would be from the physical development or the weight according to age, and neglected the other points on this account. However, the babies were all pretty and chubby, and it was too bad they all couldn't have won prizes.

After much trouble with the greased pig, it was caught by Walter Young, but alas, Walter had it in his possession only a short time when it escaped, and the last heard of it was in the vicinity of the Burlington viaduct.

Following is the list of events, and those who won them:

## CHANGE IN PASTORS

Rev. Olin S. Baker Will Go to Long Pine as Superintendent—Changing Places with Rev. Carns

Rev. Olin S. Baker, pastor of the Alliance M. E. church, was elected to the superintendency of the Long Pine district at the Northwest Nebraska Methodist conference which was held at Gordon last week, the change to become effective at once.

Rev. Baker's place will be filled by Rev. J. B. Carns, who was former superintendent of the Long Pine district. Rev. Carns is known to many Alliance people, and all unite in saying that he is one of the strongest men in the conference and is the proper man to take up the work of Rev. Baker. Rev. Baker during his several years' pastorate here has built up a strong membership, and everyone regrets to learn that he is to leave, but at the same time they are pleased to know of his advancement.

Rev. C. H. Burlleigh, of Marsland, was elected ministerial delegate, and E. E. Lesh, of Glen, as lay delegate to the general conference which will be held at Saratoga, N. Y., next year. The Alliance church was represented at Gordon by A. T. Lunn. Following are the pastors selected for the Alliance district:

Alliance, J. B. Carns; Andrews, supplied by H. Brodhead; Bayard, E. L. Torrence; Bethel Cir., supplied by J. S. Shaeffer; Chadron, supplied by C. T. Coombs; Crawford, supplied by E. P. Fisher; Gering, W. S. York; Harrisburg, supplied by C. K. Shakerford; Harrison, G. H. Wehn; Hay Springs, W. H. Guest; Hemingford, N. G. Palmer; Lakeside, supplied by J. L. Kendall; Lewellen, supplied by F. J. McCaffree; Marsland, C. H. Burlleigh; Minatare, Edw. McGill; Mitchell, C. V. Powell; Morrill, C. H. Albertson; Mullen, E. D. Gideon; Rushville, G. E. McCargar; Scottsbluff, E. L. Baker; Whitney, supplied by C. E. Calame.

## GOING AFTER ROBBER

Sheriff Cox Departed Last Night for St. Louis with Requisition Papers for Charley Brenkley

Sheriff Cox started for East St. Louis last night on 42 with requisition papers for Charley Brenkley, who made his getaway from Alliance shortly after he robbed Ernest Becker's house east of town on August 22, securing a gold watch, charm and chain and \$3 in money.

Sheriff Cox has a brother who is in the St. Louis police department, and as Brenkley had remarked before he departed that he was going to that city to "see his girl" it was not a difficult matter to locate him as soon as his description was sent. As soon as the brother had discovered the quarry he telegraphed Sheriff Cox, and requisition papers were issued at once.

Brenkley will be returned the latter part of this week and held until the district court meets this month.

## Party at Lake

A party was given Tuesday night at Prospect Lake in honor of Miss Voltz, who is here from York visiting with Miss Anna Senner and Mrs. P. W. Fraker. Plenty of "eats" were taken along, and after they had been partly disposed of, the ladies repaired to the skating rink, where they spent a pleasant hour on the floor. The event was one of the most enjoyable of the season. Those present were Miss Voltz, Miss Anna Senner, Mrs. P. W. Fraker, Mrs. Peteresen, Mrs. M. E. Coleman, and Misses Ruth Rice, Alta Young, Laura Mounds, Mabel Mosher, Hattie Renwald, and May Graham.

## GREAT STYLE SHOW

Several Hundred People Witnessed Fall Display by Harper Department Store Saturday

Large crowds of men and women were in attendance at Alliance's first individual style show, which was held by the Harper Department Store Saturday afternoon and evening. Naturally there were more women than men, but just the same, the men took considerable interest in the program. The display was as varied as one could wish—there were costumes for little boys and girls four and five years old to suits and coats for the men and women, and everyone who attended knows what the fall styles are to be. While window displays are good, they do not have the effectiveness of a display on living models.

Special orchestra music was furnished during the program, and the store was arranged so that all could command a good view of the models who came from the rear end of the store to the front and then returned on the display platform in the center of the building. The styles worn, and by whom, and the order in which they appeared, are as follows:

- 1—Palmer suit of black broadcloth, marten fur trimming, value \$50; Gage tailored hat, value \$10.—Worn by Miss Gertrude Green.
- 2—Palmer suit of black broadcloth, value \$50; Gage pattern hat, value \$10.—Worn by Mrs. Harry Gantz.

## LITTLE BOY LOST

Three-Year-Old Son of James Kennedy Took Long Trip Saturday—Found in the Country

Late Saturday afternoon the officers were informed that the little son of James Kennedy, janitor of the high school, had disappeared, and their aid was enlisted in the search. Besides the family and the officers, many friends volunteered their services, and in a short time a dozen or more people were looking for the little tot. The search continued until late in the evening, but to no avail. It had just been decided to sound the fire alarm and call out the population of Alliance when Jerry Rowan drove into town with the young man safely ensconced in his automobile where he was enjoying himself greatly.

There are several small children in the Kennedy family, and the little fellow was not missed for some time after his disappearance. A number of people had noticed an unaccompanied little fellow on the streets, but had attached no significance to this, thinking that the parents were close. After wandering around on the streets for some time the boy evidently decided the country looked good to him, and started west. When found by Mr. Rowan he was about two miles from town. An effort to learn his identity was met with the answer that he lived in the "school" and that his father's name was "Jim".

The parents were almost frantic, thinking that the little fellow had fallen into some excavation or had been run over by an automobile, and a dozen other contingencies which might have happened, and there was much rejoicing when he was returned safely and unharmed.

## FIRE CONSUMES FORD

Harry Showalter Lost Car Which Cost Him \$800—Partially Covered by Insurance

Harry Showalter's Ford will no more be seen on the streets of Alliance, at least it will never be the same one, even if it is repaired.

Of course you remember that Ford that appeared on the streets about once a week—"just the way you were going to fix your Ford when you got one". Harry had spent about \$800 on the car, including the initial cost.

Well, to get back to the story, Harry was hunting on the lakes on the J. E. Rice ranch last Saturday. Leaving the car to do some hunting, it was supposedly "shut off" in proper shape. But a defective carburetor got in its work, evidently right away after the owner had departed. When Clint Ewing started to crank the car on their return, the engine backfired and the gas caught instantly.

Although they were right in the center of the sand hills, geographically speaking, there was not a drop of sand to be had, for they were on the banks of the lake where the ground was hard. Water was carried from the lake as fast as possible, and this killed the effects of the flames to some extent. The fire followed the gasoline connection to the rear of the car, and the 28-gallon tank was melted and every drop of gas burned. The car was insured for \$400, about half what it cost to purchase and equip it.

It had been the intention of the men to spend the night at the lake and get the drop on the early morning ducks, but the hunt was ended rather abruptly when the accident occurred.

## Birthday Party

Little Miss Vivian Dow celebrated her seventh birthday Tuesday afternoon at the home of her parents, Mr. and Mrs. C. A. Dow. The guests were Misses Janice Willis, Vera Lowry, Lucile Dickenson, Mildred Gregory, Irene Larivere, Ruth Schill, and Evelyn Kuhn, and Masters Glenn Hughes, Arthur Lunn, Clarence Gibson, Clifford Gregory, William Irish, Howard Goswell, Henry Ryckman, and Wade Ellis. The tables were decorated with pink and white sweet peas, and in the center reposed a large birthday cake. Games were played on the lawn until the refreshments were served, when the couples walked to the table, arm in arm. Miss Vivian has a circle of little friends that wish her many more such pleasant birthdays.

## Returned from Trip

Mr. and Mrs. Chas. Tash returned home Monday morning on the train from their trip to Thurman, Iowa, to visit with her parents. The Moon roadster, in which they made the trip, is now in Thurman, where Charlie traded it for a town lot. Charlie said he "fought" mud all the way, and that it took him about ten times as long to make the trip as it would have if the roads had been in good shape, and that the return trip would have been even worse. That's why Charlie now has a city lot instead of a Moon roadster.

Christians Win Championship  
The Alliance Christians won the big Labor Day game Monday by the score of 15 to 1. The game, however, was not so one-sided as the score would indicate and it took hard and consistent playing on the part of the Christians to win the game. The large score was due to errors by the Hemingfordites. Waddell, who start-

ed the game for Hemingford, pitched good ball but received poor support from his team-mates and later when the Hemingford players tightened up it was too late as the Alliance bunch had the game cornered with runs to spare. Hemingford made their lone run in the ninth inning and had a man on second and third when the last out was made.

The feature of the game was the pitching of Ray Butler for Alliance. He is a boy wonder, and with training he should be able to get into the big leagues some day if he so desires. The winning of Monday's game gives the county championship to the Christian Sunday school, having won thirteen games out of the fifteen played.

STANDING OF THE TEAMS:

Teams	P	W	L	Pct.
Alliance Christian	15	13	2	866
Hemingford M. E.	15	11	4	733
Alliance Baptist	15	5	10	333
Alliance Methodist	15	1	14	667

## AGRICULTURAL AID

Federal Appropriation for Nebraska Farmers Amounts to the Tiny Sum of \$20,715.00

Agricultural instruction in Nebraska will be aided during the year ending June 30, 1916, by a federal appropriation of \$20,715. This amount has been allotted to Nebraska by the department of agriculture under the terms of the Smith-Lever act. That act grants each state \$10,000, and in addition a sum equal that appropriated by the state. The state appropriation amounted to \$10,715. The federal fund is apportioned from the following purposes: administration, \$3,125; printing and distribution, \$750; county agent work, \$6,300; home economics, \$1,700; movable schools and farmers' courses, \$3,300; boys' and girls' clubs, \$1,140; farmers' management demonstrations, \$3,000; agricultural engineering, \$1,300; agronomy specialists, \$1,300; animal husbandry specialists, \$1,400.

The state funds were apportioned as follows: Administration, \$4,155; county agent work, \$720; home economics, \$2,800; movable schools and farmers' course, \$400; farmers' management demonstrations, \$1,340; horticultural specialists, \$1,300.

## Departed Forevermore

Sollie Woods and wife, colored, departed Tuesday night for Gordon, bidding a fond goodbye to Alliance as they left town. Friends of Woods paid the costs of his trial, and agreed that if the court would only suspend sentence he would never show his face here again. The court gladly consented to this arrangement, hence Sollie's departure, taking his frau with him. Woods, together with George Curtis, also colored, and three white men, were arrested at the Woods home two weeks ago for gambling. Woods was given \$75 and Curtis, \$50 and the trimmings. The white men were given \$10 "and". It is understood that Madam Woods has seen service in the penitentiary, and that she is a tough customer, but she gladly consented to shake Alliance dust if she could only have her own dear Sollie once more. Before he departed, the court informed Woods that the suspension of sentence was only in force as long as he fought shy of Alliance, but that he would be dealt with severely if he ever appeared here again.

## Molling's Horse at Crawford

Word has been received that Geo. A. Molling's race horse "Major" has been shipped from Longmont, Colo., to Crawford, and will participate in the racing events there. "Major" has been doing some good work in the meets over Colorado for the past two weeks, and will no doubt make some good records at Crawford.

## REV. MORPHY RESIGNS

Pastor of Baptist Church Tendered Resignation at Close of Sunday Morning Services

Rev. George E. Morphy, pastor of the Baptist church, tendered his resignation as such at the close of the morning services Sunday, to take effect the last of this month. The resignation was accepted. Rev. Morphy has occupied the Baptist pulpit here for the past year, coming here from Salida, Colo., where he was pastor of the Baptist church for several years. During his pastorate in Salida he was instrumental in getting erected a \$15,000 church edifice. He is a strong preacher, and during his stay in Alliance has won hundreds of friends who regret to learn of his departure, but their best wishes go with him in his future work.

## Boys to Encampment

David Purinton and Louis Powell departed Saturday night for Lincoln where they are attending the boys' encampment at the state fair as representatives of Box Butte county. These two boys won the honor of attending the encampment by preparing the most acceptable reports of the observation tour which was held under the direction of County Agent Seidell last month. Upon their return the first of next week they will prepare a complete report of their experiences and observations at the encampment, and this report will be published in the newspapers of the county. They will also make a report at the next regular meeting of the Farmers' Institute.

## TO CRAWFORD ON FRIDAY

Number of Automobiles Will Make the Trip and Many People Will Go on Train

Earl Mallery, chairman of the committee which has charge of the arrangements for the auto trip to Crawford tomorrow, announces that all arrangements have been made and that a large number of automobiles will make the trip. The committee is composed of Mr. Mallery, H. P. Coursey, Ben J. Sallows, J. L. Nicholai, Jerry Rowan, J. M. Miller, L. E. Tash, and J. W. Guthrie.

The officers of the Tri-State Fair have written the local committee that special arrangements will be made for the entertainment of the Alliance people, and as Crawford has always treated Alliance well on similar occasions, they will no doubt make an extra effort Friday. All who can are invited to make the trip in automobiles—those who have no autos can go on the train, which will make very good connections. Anyway, it is hoped that all who can get away will do so, that the delegation may be as large as possible.

Following is the program for the second day, and the amount of the purses:

2:24 trot or pace ..... \$200  
1/2 mile running race ..... 75  
2:20 trot or pace ..... 200  
1 mile novelty race ..... 100  
3/4 mile saddle horse race ..... 40  
Chariot race ..... —

Following are the soldier stunts which have been arranged by Lieutenant Scott, of the 12th Cavalry: Wild gymnastics; wild wrestling; jumping by enlisted men; rescue race; Roman race.

## CRACK SHOT COMING

Will Give Demonstration of Fancy Shooting on Gun Club Grounds Friday Afternoon

Shooting skill almost uncanny is credited to Rush Razez, who will appear here in exhibition before the local sportsmen tomorrow (Friday) afternoon on the gun club grounds. There is no legitimate feat with a gun that Mr. Razez cannot perform, and at least twenty of his original acts no other marksman will attempt. Holding a pistol in several different positions he sights by the use of one to three mirrors and moving targets are hit. Firing a Remington UMC .22 calibre repeating rifle with sights obstructed he makes double on washers, marbles, etc., in midair. In midair the smallest sized marbles are hit by the bullets of a .35 calibre Remington autoloading rifle at the champion's shoulder.

And Mr. Razez is an expert with a shotgun—getting doubles on flying targets with a Remington autoloading shotgun turned upside down—ejecting two empty shells from a pump gun and hitting both before they reach the ground and with the same gun breaking five clay targets thrown in the air by himself. It will be a rare treat for the gun enthusiasts in this section to see this marvel in action.

The ladies are especially invited to witness the exhibition.

## School Started Monday

Monday morning the kids wended their way to the different schools with "downcast countenances" and physical dejections, for school officially opened on that day. The kids were all aware of the fact that school would be dismissed for the day as soon as they had been assigned to their books, schools and grades, but the mere thought of entering a school room after a three months vacation was enough in itself to completely discountenance them, and a few of the boys and girls made known their opinions on the subject of schools. But after a few hours in the schoolroom they seemed to lose their terror and got down to business, and all the schools are now running smoothly and every student, from the smaller to the larger ones, is doing his best to make a creditable showing. A teachers' meeting was held in the high school building last Saturday afternoon and all teachers were prepared to start out in the best manner.

## Young Men Enjoy "Weenie Roast"

On Tuesday evening, at 8:30 o'clock, several of the members of the Y. M. B. C. met at the home of Floyd Donovan, and from there were taken in autos to the Purinton grove north of Alliance. Upon arriving at the grove a camp fire was built and the eatables were brought forth. Weiners and marshmallows were roasted and eaten with the other good things, and camp fire stories were told until time to return to Alliance.

A meeting of the Bible Club will be held this evening at the home of Floyd Donovan. All young men interested in the club are invited to attend.

The following were present at the "weenie roast" Tuesday night: Donald Spencer, Floyd Donovan, Carl Thomas, Chas. Walters, Hugh Linn, Verne Hamilton, H. J. Young, Jay Vance, Merritt Chaffee, C. H. Fuller, Norman McCorkle, David Beach, C. A. Dow, William LaMon, Schuyler Gilman, William Lunn, John Donovan, and Charles Spacht.
